Subject: PDL500 Series Phase out

Please be advised that the PDL500 Series will be phased out and will become obsolete as at 31 December 2020.

Please be aware that once stock is consumed of the PDL500 series variant, the direct replacement or alternative will be offered.

Where we do not have a replacement or an alternative these products will become MTO and will be able to be ordered as a special.

Codes affected and their replacements are listed below:
